

Dear Valued Alami Customer,

We would like to draw your attention to the new amendments issued by the Zakat, Tax, and Customs Authority related to the application of processing fees for incoming international shipment data. Based on these amendments, a processing fee of %0.15 of the product's value will be applied, with a minimum of 15 SAR and a maximum of 500 SAR, in addition to VAT on these fees. The application will commence on October 6,2024.

Example

If the shipment value is 500 SAR, the data processing fees will be calculated as follows:

Shipment Value	SAR 500
Data Processing Fee Percentage	0.15%
Data Processing Fee Value	SAR 0.75
Minimum Data Processing Fee	SAR 15
Data Processing Fee VAT	SAR 2.25
Total Data Processing Fees Due	SAR 17.25

We appreciate your understanding and cooperation

Our best regards.
